29

Five hundred fifteen dollars and no cents (\$515.00) shall be appropriated to the account of Electrical and Computer
Engineering from the ASNMSU Surplus Account.

30

31

32 Section 4: Rationale.

33

Elam Curry is a PhD Electrical Engineering student who will present his paper titled "Optimal symbol set

34

design for generalized spatial modulations in MIMO VLC systems" at the 2016 IEEE Globecom. As part of

35

Mr. Curry's PhD requirement, Mr. Curry is required to publish high quality peer reviewed papers. This

36 paper was one of the few selected to be reviewed by experts at the prestigious IEEE Globecom conference.
37 This acceptance requires mandatory attendance and presentation at the conference. This is an amazing
38 opportunity to represent New Mexico State University, and gain expert advice before publication.
